

**NEW**

## AIR-COOLED FIXED-SPEED SCREW CHILLER

- Very economical operation
- Low sound levels
- Simple installation
- Environmentally responsible
- Exceptional reliability

COOLING

# 30XB / 30XBP 30XB-ZE available during 2018

Nominal cooling capacity 267-1682 kW - 50 Hz

The AquaForce™ 30XB and 30XBP liquid chillers are the economic solution for commercial and industrial applications where high reliability and economic operation in all climate conditions are key customer requirements.

The AquaForce™ 30XB and 30XBP liquid chillers are designed to meet current and future regulations for energy efficiency and operating sound levels. They use the latest Carrier technologies:

- Carrier 06T twin-rotor fixed-speed screw compressors.
- Low noise 6<sup>th</sup> generation of Carrier Flying Bird™ fans with AC motor (30XB) or EC motor (30XBP).
- Carrier flooded shell-and-tube evaporator with new copper tube design for low pressure drops
- 2<sup>nd</sup> generation of “V” shape Carrier Novation™ microchannel heat exchangers with optional Enviro-Shield coatings.
- Carrier Touch Pilot® control with color touch screen user interface that includes 10 languages and integrated web-server.

CARRIER participates in the ECP programme for LCP/HP
